the world ever invented, so constructed as to folly meet the demands of families for general

2 It is very simple and is never liable to get out of order. 3 It makes a seam which will not rip, though every third stitch is cut,

4 It is not a Shuttle Machine. 5 It sews with two needles, making any length stitch desired. 6 It sews from two ordinary spools, and

thus all trouble at winding thread is avoided; while the same Machine can be adapted at pleasure, by a mere change of spools, to all varieties of work. 7 The same Machine runs silk or linen thread, and common spool cotton, with equal

8 This Machine will sew in the sleeves of a coat with the same ease and facility that it sews a straight seam. 9 This Machine can be run to make one thousand five hundred stitches per minute. 10 The seams are as elastic as the most clas-

The price of these Machines at office in New York, range from \$75 to \$150; an additional charge of \$10 only is made on each machine over New York prices at office in Nashville, to defray expenses of importation, &c., to Nash-R. H. BROCK WAY, Sec'y., Nashville Sewing Machine Company.

Now that we may soon expect genial Spring, it is of great importance that a few doses be used by the wise. Our race are subject to a re-dundancy of viltated bile at this season, and it is as danger ous as it is prevalent; but Brandreth's Pills afford an in-valuable and efficient protection. By their occasional use, we prevent the collection of those impurities, which, when in sufficient quantities, cause so much danger to the fine organs of the stemach and bowels. They seen cure liver complaint, dyspepsia, loss of appetite, pain in the head, heart-burn, pain in the breast bone, sudden faintness and costiveness. In brief, Brandreth's Pills work their way to very roots of the discare, cleansing in their passage, re-moving every unhealthy accumulation, till the bood is
